# Welcome Message

Dear Friends,

Wish you a very happy new year 2018!

It gives me great pleasure to announce our Fourth Annual International Conference & Hands on Workshop on NBI/ESD/Third Space Endoscopy to be held on 7-8th April 2018 at Pune.

This year, our workshop is supported & co-organised by ANBIG (Asian Novel Bio Imaging & Intervention Group) - which is the premier APAC organisation for the development of Image Enhanced & Third Space Endoscopy. In addition, the frontiers of Third Space Endoscopy have been ever expanding; starting with POEM a decade ago to emerging technologies like Endoscopic suturing & Endoscopic Sleeve Gastroplasty (ESG) in recent times.

Though maintaining our focus on our core values of hands on training, our meeting this year will also encompass majority of these innovations & developments. There will be lectures & live demonstrations related to IEE, EMR & ESD, Third Space Endoscopy procedures like POEM, G-POEM, PREM, STER & EFTR in addition to endoscopic suturing & Endoscopic Sleeve Gastroplasty. On day 2, hands on training will be imparted to pre-registered candidates for ESD, POEM and endoscopic suturing on specially prepared cadaveric porcine models.

For conference registrations and other details, please write to us on [freendoscopy@gmail.com](mailto:freendoscopy@gmail.com) or call us on +91 99215 33381. Please note that to register for the hands on workshop, you need to send an email to us on [freendoscopy@gmail.com](mailto:freendoscopy@gmail.com) clearly mentioning the desired session - ESD, POEM or endoscopic suturing. Since registration for these sessions is limited and is allotted strictly on a first-come basis, please register early to avoid disappointment.

We look forward to welcoming you to Pune in April for this annual endoscopic surgical bonanza.

Warm regards,

**Amol Bapaye**  
Course Director
